If it isn't really consumption so much the better; you will soon forget it and be better for the treatment. If it is consumption you can't expect to be cured at once, but if you will begin in time and will be rigidly regular in your treatment you will win. The encouragement we receive from our customers (so many of them tell us they are proud of Napanee's Greatest Store) rather increases our responsibility. No layman can know how hard we do work, and how we intend to keep on working to keep this store the best.

### Napanee's Greatest ...Store

# Robinson Co.

We've notions—call them ideals if you will—and the store must reflect them. We seem to learn more of what Napanee's best thoughts demands of a store. Yet the store is not ideal—can't be, for we shake off yesterday's ideals for new and better ones the day.

### JAPANESE HAND-DRAWN TURN-OVER COLLARS.

Just in. Exact copies of the American Keiser turn over Collars at about half the price. Japanese labor is very cheap and that accounts for it. Neat, pretty designs, 20c, 25c, 35c and 45c each. All whites.

### Easter Gifts.

The store offers many suggestions. If in any doubt, drop in for a tew minutes. More goods out on display than at any time later in season. Gloves, Fancy Collars, Handkerchiefs, Belte, etc., are tempting.

### WOMEN'S READY-TO-WEAR SKIRTS AND COSTUMES.

Don't sit up nights wearing your eyes out trying to save money on dressmaking, when you can drop in here and get outfitted in a few minutes. Chances are you can buy the finished garment for the price of your cloth and trimmings. If in some cases you think there is a little tucked on for making, chances are it is only a few cents. Don't read this and forget all about it, but put our department to the test It is good and large. Send sizes and we will do your choosing it gou live out of town.

#### Lovely Wash Goods, Vestings and Mats.

Talk about lovely materials for wash dresses and wash Shirt Waist Suits. Printer's ink could not do them justice. You just ought to see them. They were woven to our order in Europe and are not to be found in every little store in the country, strictly exclusive styles and we control them for heresbout. to snowes, at private said. Price:

#### Men's Neckwear and Shirts.

Our Dress Goods Department has long been recognized as the central point in this district, from which new weaves and styles are distributed. This season's showing is greater than ever attempted by us before, Importing Novelties direct from Europe gives our customers the advantage of having the style to themselves. To see the same fabric on sale in every little store is not what people want to see now-adays. Our Manufacturing Departments, in charge of Miss Tolhurst and Mr. Abell are rushed with orders Take our advice and book your order at once. Now you may choose from:

# OUR

Universal approval has rewarded our effort to bring tasteful millinery within the reach of provident people. Mere obeapness is repulsive to every woman. We have no sympathy with it. But true exercise of taste can bring dainty effects, smartness, style, exclusiveness down from the high and mighty seats of extrawagence and wastefulness to where people of modest means can enjoy them. That's the work this store is doing, and doing successfully, as the popular appreciation of all classes of society proves.

# OUR **MILLINERY**

Universal approval has rewarded our effort to bring tasteful millinery within the reach of provident people. Mere cheapnese is repulsive to every woman. We have an sympathy with it But true exercise of taste can bring dainty effects, smartness; style, exclusiveness down from the high and mighty seats of extravagence and wastefulness to where people of modest means can enjoy them. That's the work this store is doing, and doing successfully, as the popular appreciation of all classes of society proves.

The Walking Skirt is a Sensible,

Practical garment—in stormy weather, especially so; for then a woman has generally enough to look after besides her skirts. But this year the sensible and practical must be joined to beauty of fabric and dash of cut. If the Walking Skirt did not possess all these qualities, it would not be as it is the correct garment for street and every day wear. Our skirt section has a complete assortment of styles; the most fastidious dresser is sure to be pleased.

Here you will find twenty-five different lines besides novelties. Skirts from \$1.98\$ to some gone, sood material, stylishly trimmed and finished, \$1.98\$, 200, 3.00, 3.50, 4.00, 4.50, buy skirts.

## Progressive Farmers **Build Frost Fence**

They simply can't afford to erect any other kind. It is the heaviest Wire Fence manufactured; every pound of material entering into it's construction is of the very best. Consequently it will last three times as long as any other Wire Fence. It is neat in appearance. Strong and durable. Protects the stock. Is self-regulating and in every particular a PREFECT and UP-TO-DATE FENCE.

Try Them Once!

What is the enjoyment so many women find in Queen Quality Shoes? Sum it all up in one word. THEY FIT. There is a Queen Quality Shoe for every foot, and you can find it in five minutes. Queen Qualities are made in every size and width in twenty different shapes and styles. But the point about Queen Quality Shoes, the main reason for their parfection of fit is this: They are all made upon a peculiar plan which takes the instep as the vital point and fits the shoe firmly around it, so that everything is supported from there. It is a delightful sensation. The foot cannot slip forward. Try it once!

of Iron-ox Tablets.

February 9, 1903.
I take pleasure in giving
you my testimonial, which I
hinke is but little to what I
have received from the use of
your Iron-ox Tablets. I cannot here express the good I
have received from them.
They gave me so much relief that I could not say enough
in their praise. My health
was so broken up that my
doctor said I had better go to
the hospital. Some one told
me to try Iron-ox Tablets. I
have taken five boxes and am
truly thankful for so great a
medicine. When I was run
down so that my senses were truly thanaumedicine. When I was rua down so that my senses were all but gone, they set me on my feet and gave me new life. MRS. G. DAVIS. 56 Winchester St., Toronto, Ont.

#### Oxford Gem Gas Range

This range is placed on the market to meet the demand for a moderate priced and thoroughly efficient gas stove. It is made with either two or three top burners, and a large oven, with drop door, which acts as a shelf, on which roasts, cakes, pies, etc., may be drawn out. The oven is a perfect baker and roaster, evenly and quickly heated.

This range, though very compact, is quite big enough to cook a considerable sized dinner, and will do it as well as the most expensive gas range

The Oxford Gem Gas Range is very handsome in appearance, durable and eco-nomical.

Call at one of our agencies or write for leaflet.
